History of Angels

Angels, from the Greek *angelos* which means messenger, have been deeply embedded in our hearts and minds for thousands of years. They have been depicted throughout our history and in ancient texts from the Bible, Quran, Judaism, and ancient Persia, as well as most of the world's religions. Angels, angelic beings, God's messengers, guardians or spirit beings from the higher realms, are either mythological or real. However you perceive them, people have always held them in high regard as the sacred ones, holy, just, and mighty next to God, the source of all love and light, the truth. Angels have been immortalized in paintings and sculptures from the majestic arts of the Renaissance period, Rome, Greece, and Egypt; all the way back to our first recorded civilizations like Babylon and the Sumerians.

What people are saying about *Embrace the Angel*:

- **ELISABETH KUBLER-ROSS**, author of *On Death and Dying*, and others: "I just discovered *Embrace the Angel*... I read it through and through all over again. It's very beautiful and very touching, especially her dreams and her courage and wisdom. You need to share this with the world—for Amber and Chad and all the many parents who need to know."
- **SAMUEL EPSTEIN, MD**, author of *The Politics of Cancer* and professor at the University of Illinois, Chicago: "This was very touching and moving... a grave human tragedy."
- **PAULA D'ARCY**, author of *Song for Sarah*: "I was deeply moved by *Embrace the Angel*. It is brave and courageous and frighteningly real... a strong, strong story. Patti captured Amber's little spirit and really made it live."
- **GLENN A. NOYES**: "To everyone I say: 'If you think you love your children now, wait until you've read *Embrace the Angel*. This book will make you tuck your children in bed a little tighter and give them that extra kiss each night!'"
- **ALISON KELLY**, author of *Through My Irish Eyes*: "Allow yourself every emotion while reading this book. Be nurtured by a phenomenal mother's love, be as joyful as a child, be sad for earthly loss, and when you need a reminder that Heaven truly exists, be embraced by the angel called 'Amber'."
- **SARAH TOTUSHEK**: "This story is compelling! Patti has the gift of bringing one right into her life—the pain, the joy, the horror, the hope is all there... those whom it reaches will never be the same after reading it. She has opened the door... and made enough inroads already to guarantee that those who need Amber's gift, will find her."
