

## *Veterans hold picnic*

Patti Stiewing, clown, holds her son, Tobias, as Sara Zuckerman stands by. The trio added a bit of entertainment with their painted faces at a picnic for Agent Orange Veterans at Pinecrest, Shelton, Sunday. The picnic drew about 100 veterans and their families. The picnic was a non-political event. Agent Orange is a toxic chemical that was used to defoliate jungles in Vietnam from 1964 to 1970.
